

Revised 11/1/19

Program Name	Description	
 NYSED Air Source Heat Pump Rebate	Base Rebate	\$500 per outdoor unit for cold climate air source heat pumps
	Whole-Home Rebate	Air source heat pump systems that provide whole-home heating and cooling will receive a larger rebate depending on the size of the system.
		2-ton \$1,500
		3-ton \$2,500
		4-ton \$3,500
		5-ton \$4,500
	Additional rebates of \$500 are available for systems installed with integrated controls and \$50 for a dual-fuel thermostat to coordinate with your existing heating system. Speak with your installer for more information.	
 NYSED Ground Source Heat Pump Rebate	Small-Scale (≤10 tons)	\$1,500 per ton of cooling capacity
	Large-Scale (>10 tons)	\$1,200 per ton of cooling capacity
 Orange & Rockland Heat Pump Rebates (ORU customers only)	Air Source Heat Pump	<i>Ductless Mini-Split:</i> Up to \$200 rebate depending on the equipment efficiency level plus a \$500 heat pump bonus <i>Central Ducted:</i> Up to \$500 rebate depending on the equipment efficiency level plus a \$1,000 heat pump bonus
	Heat Pump Water Heater	Up to \$400 rebate, depending on the storage tank size and equipment efficiency level
	Ground Source Heat Pump	Up to \$1,000 rebate plus a \$2,000 heat pump bonus.
 Federal Investment Tax Credit	Receive a tax credit of 26% of the installed cost of your geothermal heat pump system.	

Speak with your installer to learn more about what incentives your heat pump project will be eligible for.
